MPSA
MANAGED PRINT
SERVICES ASSOCIATION

The MPSA definition of Managed Print Services (MPS): "Managed print services is the active management and optimization of business processes related to documents and information including input and output devices."

MANAGED PRINT SERVICES ASSOCIATION

The MPSA is the only international, independent and nonprofit MPS organization that embraces all industry participants in a collaborative environment. The MPSA is NOT owned or directed by any one organization; it is in fact owned by its members. The influence of any single company, large or small, is prevented by the MPSA charter.

Our Mission

The mission of the MPSA and its members is to address and optimize businesses' office document management while enhancing the growth, efficiency, and profitability of the MPS segment through advocacy, marketing, education, research, standards, and a general community of interest. In order to reach these objectives, the MPSA provides community-driven best practices—like those contained in this eBook — to empower its members to make more informed decisions regarding their MPS strategies.
